

JUNETEENTH

FREEDOM DAY
JUNE 19

Black Health, Well-being & Healing

Throughout the week of June 13, Baystate Health will commemorate Juneteenth. This year's theme reminds us that we must continue to work together to confront systemic racism and health disparities to provide equitable care and an inclusive environment for our patients, employees and community members. We invite you to join us for the following virtual events. Event registration is open to all employees and community members.

MONDAY JUNE 13TH, 2022

- ***Black Men's Health: An in Depth Look on Well-Being and Healing***
12–1:30PM

Part 2 of our Black Men's Health series. This virtual panel discussion will focus on the physical and mental health of Black men, their unique concerns and experiences in healthcare, and what Black health and wellness means to our panelists.

TUESDAY JUNE 14TH, 2022

- ***My Purpose, My Calling: Career Exploration at Baystate Health***
12–1:30PM

Virtual session to explore employment at Baystate Health, find out what it takes to pursue a successful healthcare career, and hear personal stories from a panel of employees on their journeys in healthcare.

WEDNESDAY JUNE 15TH, 2022

- ***Black Child & Adolescent Behavioral & Mental Health: The Impact as the Pandemic Continues***

5:30–6:45PM

Virtual panel discussion about the specific and unique behavioral and mental health challenges faced by Black children and adolescents as the pandemic continues. Panelists will also discuss access to care and future pathways to protect Black youth.

THURSDAY JUNE 16TH, 2022

- ***Black Women’s Health: Amplifying Our Voices for a Better Future***

12–1:30PM

Virtual panel discussion on common issues in OB/GYN, Primary Care and Mental Health for Black Women; sharing tips on Self Advocacy, and available resources through Baystate Health for Black Women.

FRIDAY JUNE 17TH, 2022

- ***Black Faith, Culture & Health: The Importance of Faith in Healing and Wellness***

10–11:30AM

Please join us for a morning with the esteemed Reverend Dr. Terrlyn Curry Avery where we will explore the intersection faith and medicine, and how faith and religion have an impact on Black Health.
